

**A MONSTER LURKS...
IN OUR WATERS.**

DON'T! FEED THE MONSTER

PART DOO

**WE THOUGHT IT WAS HARMLESS...
WE WERE WRONG!**

**DO YOUR DUTY!
PICK UP
THE DOODIE!**

**NITROGEN! PHOSPHORUS! PARASITES!
IT GETS IN THE WATER AND SCARY STUFF HAPPENS!**

Every day, more than 13 tons of dog waste does not get properly disposed of in Lee County.
Left to seep into our waters, it damages water quality and causes a host of other issues.

DofourDuty.org

and Environmental Services are making quality
improvements. Initiatives of the Lee County
Department of Natural Resources.
